Mission

FairTSA Facilitates Equitable, Sustainable and Participatory International Trade.

FairTSA's Project-Based Accountability

FairTSA requires documentation of inclusive decision-making in producer communities.

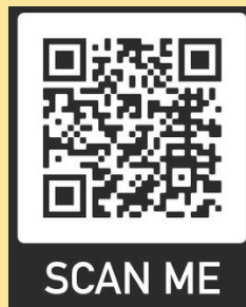

Annual Project Impact documentation includes:

- Need assessment
- Timeline
- Budget
- Results and Impact

We ensure full accountability of the use of the social premiums in the supply chain.

NEW! Product Database

Our online database makes it easy to find and connect with FairTSA certified products and producers from around the world.

2022 Community Projects

Medical Supply Manufacturing + Distribution (Mexico, India)

Farmer Trainings and Inputs (China, Sri Lanka)

Educational Facility Construction (Peru, Turkey)

Natural disaster relief (Dom. Rep.)

Women's Empowerment (India, Sri Lanka)

Clean water Accessibility (Philippines, Colombia)

Solar panels and lights (Philippines)
